

SONGBOARD SITES

Looking for good websites that have lesson plans and songboards? Have you ever wished someone else would do the hunting for you? If so, then this tip is for you.

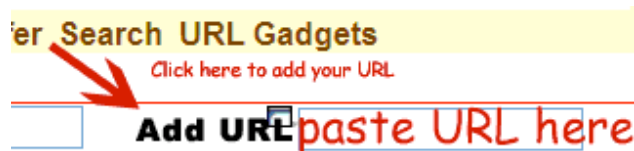

www.murl.com

...is a site where you can manage your internet bookmarks. A group of users has gotten together, and the folks in it have begun posting links to their favorites. In order to log in and take advantage of their hours surfing the net, you must do the following:

- Log onto the above website (www.murl.com)
- Sign in with the user name **SPEDSONGS** and password **SPEDSONGS**.
- Once at the site, click on the Bookmark tab

This will bring you to the current list. Once there, you can simply peruse the existing lists, or you can continue to add links to sites you have found valuable. To add a link, simply copy the URL of the link you like to the *add URL window*, click on the **text**, and you are done!

**THANKS to Mary Keeney for finding MURL and setting up this listing for us!
ENJOY and HAPPY SURFING!**
